

**A Guide to Mythology
Helen Clarke**

My aim in this book on Mythology for young readers has been to give them solid knowledge on the subject, as far as it is advisable to go with immature minds, based upon the most recent investigations of scholars, and to select the myths used in illustration of the plan, with a view to giving them interesting stories to read, which will, almost unconsciously to themselves, lay a firm foundation for the fascinating study of Comparative Mythology, should they wish to go more deeply into it in the future.

I have ... included in this volume those versions of the myths that seemed most readable and attractive, provided the primitive attitude of mind and customs were fully emphasized.- Summary by the author from the book

Read by PhyllisV. 26 Tracks. Total Duration: 13:10:39
